

# TNCC

## Trauma Nurse Core Course

# 2010

Course Description	Date	Day	Time	Location
<p>The Trauma Nurse Core Curriculum is a 2-day standardized course providing the learner with core-level trauma knowledge and psychomotor skills associated with implementing the trauma nursing process. The trauma nursing process is used to standardize the approach to trauma care and is reflected throughout the course and manual. The TNCC teaches a systematic approach for the care of the injured patient.</p> <p>Trauma nursing as a discipline refers to the process and content of all the different roles nurses have in the care of the trauma patient. The purpose of TNCC is to present core-level knowledge, refine skills and build a strong foundation for trauma nursing.</p>	Aug 12 & 13	<b>CLOSED</b>	7:30 am-5:30 pm	Rivercrest <b>CLOSED</b>
	<p><b>Friday, October 8<sup>th</sup> 7:30 am- 5:30 pm Rivercrest Training Center</b></p> <div style="border: 2px solid black; padding: 10px; text-align: center;"> <p><b>This is a 1 day Reverification Course for current (non-expired) TNCC Providers. Attendees will be required to present a current TNCC Provider card the day of the course.</b></p> </div>			

*ENA suggest participants register 6 weeks prior to the course in order to allow a sufficient time to read through your course manual. Registration will be accepted up until the week before the course as long as slots are available. Our classes do fill quickly so in order to reserve your place, please register as soon as possible.*

<b>Target Audience</b>	TNCC may be officially attended by RNs. It is recommended that the participant have at least six months of clinical nursing in an emergency care setting. It is assumed that the course participant possesses generic nursing knowledge, has an understanding of emergency care terminology, and has familiarity with standard emergency equipment. This course is intended for RNs but may be audited by other medical personnel.
